New Amtrak Thruway Bus Routes  
Transit Transfer Information

# Welcome Aboard!

## Your Ride's Here!

If this is your first time riding an Amtrak California train, welcome! For those who've taken the train before, welcome back!

This is an exciting time for Amtrak California. Ridership on California's three state-supported intercity routes is up more than nine percent over last year. Everyone is feeling the pinch of high gas prices and looking for alternatives to driving—and with Amtrak California's San Joaquin®, Pacific Surfliner® and Capitol Corridor® trains, complemented by an extensive Thruway bus system, you can travel to more than 175 destinations throughout California, Southern Oregon and Nevada.

With the increased interest in train travel, we realize there is a need for more trains, even more convenient bus connections and improved overall services. The California Department of Transportation along with the Capitol Corridor Joint Powers Authority and Amtrak® are dedicated to meeting these needs.

Here are just a few of the new features being implemented with this schedule change:

### On the San Joaquin®

- Additional bike racks are being installed
- Additional capacity will be created (more cars being added on weekends)
- Improved baggage service is being provided
- En Route restroom cleaning is being initiated
- New bus connections are being added from the South Bay and West Los Angeles connecting passengers with Pacific Surfliner and Metrolink trains in Van Nuys and San Joaquin trains in Bakersfield

### On the Pacific Surfliner®

- New windows are being installed (to allow for even greater views)
- New equipment is being added to help alleviate overcrowding

### On the Capitol Corridor®

- New "Quiet Cars" are being introduced

When we released the Spring/Summer 2008 Timetable with its new format in May of this year, we asked for your comments and feedback. We appreciate your suggestions and have incorporated a number of updates in the Fall 2008/Winter 2009 Timetable. The most significant change is the inclusion of the Capitol Corridor train schedule. This all-in-one travel planning tool now provides complete train schedules for all three state-supported routes, complete bus schedules, a comprehensive system map and additional passenger information that will help you when planning your travel.

If you have any suggestions on how we can improve this timetable, please drop us a line at: [railmarketing@dot.ca.gov](mailto:railmarketing@dot.ca.gov) or write us at: Caltrans, Division of Rail, Marketing Branch, P.O. Box 942874, MS 74, Sacramento, CA 94274-0001.

We know you have choices when making travel decisions. We hope you'll think of Amtrak California as your "other car." It's affordable, relaxing and fun!

*Enjoy your trip—your ride's here!*

## What is Amtrak California?

The California Department of Transportation (Caltrans) partners with Amtrak® to provide service on three intercity rail corridors in California, which carries more than four million passengers annually. This partnership is known as “Amtrak California.” Caltrans supports train service between the Bay Area and Auburn on the Capitol Corridor®, between Oakland, Sacramento and Bakersfield on the San Joaquin®, and between San Luis Obispo and San Diego on the Pacific Surfliner®. In addition, Amtrak Thruway Motorcoach service provides guaranteed bus connections to many other destinations throughout California, Southern Oregon and Nevada.

### The San Joaquin®

The San Joaquin® offers six daily trains between Bakersfield and Stockton. Four trains continue to Oakland with connecting Thruway bus service to San Francisco. Two trains provide service from Stockton to Sacramento with several Thruway bus connections offering even more travel options. Thruway bus service is also available between Los Angeles and Bakersfield connecting passengers to San Joaquin trains traveling north, and Pacific Surfliner trains traveling south.

### The Pacific Surfliner®

The Pacific Surfliner® offers 11 trains between San Diego and Los Angeles. Five trains continue north to Santa Barbara, and two trains provide service to San Luis Obispo. Amtrak Thruway bus service provides passengers even more options with extended service between San Diego and San Luis Obispo as well as other bus routes along the Pacific Surfliner corridor.

The California Department of Transportation (Caltrans) in partnership with Amtrak® manages the San Joaquin and Pacific Surfliner routes. Reservations are handled through the Amtrak Support Desk at 1-800-USA-RAIL (1-800-872-7245). For more information visit [amtrakcalifornia.com](http://amtrakcalifornia.com)

### The Capitol Corridor®

The Capitol Corridor® offers 16 weekday and 11 weekend trains between Sacramento and the San Francisco Bay Area. The Capitol Corridor is an intercity passenger rail system that provides a convenient alternative to traveling along Northern California's congested I-80, I-680 and I-880 freeways. This fast, reliable and affordable 170-mile rail corridor serves 17 stations in eight counties including Placer, Sacramento, Yolo, Solano, Contra Costa, Alameda, San Francisco, and Santa Clara.

The Capitol Corridor Joint Powers Authority (CCJPA) is a partnership among six local transit agencies in the service area, which share in the administration and management of the Capitol Corridor. For fares and reservations visit [capitolcorridor.org](http://capitolcorridor.org) or call 1-877-9-RIDECC (1-877-974-3322).

## Amtrak Thruway Motorcoach Service

An extensive, dedicated Amtrak Thruway Motorcoach network provides bus connections to destinations beyond Amtrak California's train stations. Together, they serve more than 175 destinations throughout California, Southern Oregon and Nevada. See the Amtrak California System Map on page 20 for more information.

# Traveling on Amtrak California is fun and easy!

## STEP 1

### Plan Your Route

Using the System Map on page 20, determine your starting and ending points. Identify which train corridor you will be traveling on and if there is a connecting Amtrak Thruway Motorcoach route included as part of your travel.

## STEP 2

### Select Departure Time

Using the train and bus schedules, locate your starting and ending points. Read across each column to determine your train or bus number. Read down each column to determine your departure times.

## STEP 3

### Purchase A Ticket\*

Tickets may be purchased in advance through Amtrak (at any open staffed station or on-line at Amtrak.com), a travel agent, or at a Quik-Trak ticket kiosk. For San Joaquin and Pacific Surfliner schedule information visit Amtrak.com or call 1-800-USA-RAIL. For Capitol Corridor schedule information call 1-877-9-RIDECC or visit capitolcorridor.org. For a listing of staffed Amtrak stations and Quik-Trak ticket kiosk locations see the Station Directory on pages 37-39.

## STEP 4

### Board The Train or Bus

**Train Passengers**—Just board your train! You are welcome to sit anywhere on the upper level where there is an available seat. Lower level seating is designated for those with physical limitations. Remember to store your carry-on baggage in overhead compartments or under your seat. Once you have taken a seat, the conductor will come by and ask for your ticket. A card identifying your destination will be placed above your seat. If you decide to change seats during the course of your trip, be sure to take this card with you. If you do not have a ticket, you may purchase one directly from the conductor.\* Advance reservations are still required where indicated.

**Bus Passengers**—Just board your bus! You are welcome to sit anywhere there is an available seat. Remember to store your carry-on baggage in overhead compartments. You may also store baggage in the baggage compartment. Your bus operator will ask for your ticket as you board the bus. If you do not have a ticket, you may board the bus and purchase a ticket at the next open staffed Amtrak station.\* Advance reservations are still required where indicated.

*Enjoy your trip—your ride's here!*

\*You may board an Amtrak California train or Amtrak Thruway bus without a ticket. Train tickets may be purchased onboard directly from the train conductor, however, an additional service charge may apply if your departure station is an open staffed station. No service charge is required if the departure station is unstaffed or closed. If you board an Amtrak Thruway bus without a ticket, the driver will collect your photo ID which will be returned to you at the next open staffed station once you purchase your ticket. Remember, most Thruway bus routes require a segment of train travel. Exclusive bus travel is not permitted (except where noted). For more information visit Amtrak.com or call 1-800-USA-RAIL.

**Lost & Found**

Reports for lost or misplaced items left on trains or in stations must be submitted within 30 days of travel. For best results, submit your report at your arrival station; otherwise call Amtrak at 1-800-USA-RAIL (1-800-872-7245).

**Safety & Security**

Security measures are for the benefit of all passengers. We ask for your cooperation. Per federal law, all passengers ages 18-64 must present a valid and current driver's license, passport, or other photo identification (ID) in order to purchase a ticket. Passengers must carry this ID when onboard the train. Passengers under 18 who do not have a photo ID must have an adult 18 or over (with a photo ID) purchase their ticket(s). For passengers 65 and over, ID is required only to prove eligibility for discounted fares.

**Trust Your Instincts**

Please report any suspicious, unmarked, or unattended items immediately to a station agent or train crew member, or call Amtrak Police at (800) 831-0008. By being watchful and observant you can help make our trains more safe and secure for everyone. Thank you for doing your part!

**Unaccompanied Children**

Children 15 and older may travel unaccompanied, but do not qualify for any discounts available for children traveling with an adult. Children 15 and older are subject to all policies applying to adult passengers. Minors 15 and older may purchase tickets on their own from a ticket agent or conductor if they present a valid photo ID. Children 8 to 14 may travel unaccompanied with certain restrictions. Children 7 years old and younger may not travel alone. They must be accompanied by a person 15 years old or older who has responsibility for the child. Visit Amtrak.com or capitolcorridor.org for more information.

## RAIL 2 RAIL

More trains. More possibilities.®

Rail 2 Rail® is a cooperative ticket and service program provided by Metrolink, Amtrak and Caltrans. Rail 2 Rail gives Metrolink and Amtrak customers more options for travel in Southern California.

The Rail 2 Rail program allows Metrolink monthly pass holders along the Orange and Ventura County corridors to travel on Amtrak Pacific Surfliner trains within the station pairs of their pass, including Saturday and Sunday. Metrolink passengers simply show their monthly pass and board any Amtrak Pacific Surfliner train to their destination. Amtrak Pacific Surfliner ticket holders can ride any Metrolink train between the same station pairs as their Amtrak ticket.

For more information  
visit [railtorail.org](http://railtorail.org) or  
call (800) 371-LINK (5465)

If you're connecting to BART at Oakland Coliseum or Richmond, you can buy your BART ticket on-board any Capitol Corridor Café Car at a discounted price. A \$10.00 BART ticket costs only \$8.00, limit one per ticketed passenger.
